

Covill Skips

Who are Covill Skips?

Covill Skips is a small family run skip hire company with 15 years experience in the waste industry. They operate in and around Cambridge, Ely, Newmarket, Haverhill, Royston, St Neots & St Ives.

Why does Covill Skips enjoy using SkipM8?

SkipM8 has completely transformed how we manage our skip operations. Before, we were drowning in paperwork and struggling to keep track of our skips. Now, thanks to features like the Driver Scheduler and Map of Hires, we can efficiently plan routes and monitor every skip in real-time. The time savings have been remarkable – we've saved a few hours each day, especially with tracking and invoicing. Communication within our team has improved significantly, and our customers stay informed with automated email notifications. We highly recommend SkipM8 to any business looking to streamline their operations!

How has SkipM8 improved communication within your team?

SkipM8 has significantly improved communication within our team. The system is much easier to use and has streamlined the way we work together. With customer email notifications, our clients are kept informed throughout the entire process, which has reduced the need for time-consuming back-and-forth phone calls. This has not only improved internal coordination but has also enhanced customer satisfaction.

Which SkipM8 feature has delivered the most value for your business?

The Driver Scheduler has been invaluable, allowing us to efficiently plan our daily routes and manage drivers' tasks with ease. Another feature that has had a major impact is the Map of Hires, which shows the location of every skip in real-time. This has given us far greater control over our fleet, enabling us to manage logistics much more effectively.

Can you share any quantifiable results since you started using SkipM8?

Since implementing SkipM8, we've saved several hours each day in tracking and managing jobs. Specifically, we estimate that around two hours per day have been

saved, with an additional one hour saved daily on invoicing. These time savings have greatly improved our overall efficiency and allowed us to focus on other important areas of the business.

Would you recommend SkipM8?

Absolutely, and we already have! SkipM8 has been a real game-changer for our operations, and we wouldn't hesitate to recommend it to others in the industry.
